## WORK EXPERIENCE

### **Ashley Furniture Industries**

**Tampa, FL**

#### **E-Commerce Full Stack Developer**

05/2022 - Present

- Implemented and enhanced front-end features using Svelte.js to replace legacy code within a Salesforce Commerce Cloud (SFCC) application, including building reusable components and optimizing the user experience.
- Championed the use of unit testing within the development team, authoring and implementing over 200 unit tests using Vitest and Testing Library (Svelte.js). These tests ensured the reliability and robustness of the application, and allowed for more confident and efficient releases.
- Routinely conducted in-depth peer code reviews to ensure the quality and consistency of the codebase, and to promote the use of best practices and industry coding standards.
- Created several custom CLI tools and scripts that greatly improved the productivity of other developers by automating tedious and repetitive tasks. These tools were adopted within the team, resulting in increased efficiency and allowing developers to focus on more complex and challenging tasks.
- Participated in agile development processes, including daily stand-ups, sprint planning, and retrospectives, to ensure the timely and successful delivery of features.
- Azure, GraphQL, GraphCMS, Hygraph, Salesforce Commerce Cloud, SCSS, Svelte.js, SvelteKit, Testing Library, TailwindCSS, TypeScript, Shell, Vitest

### **K-Force (Assigned to Ashley Furniture Industries)**

**Tampa, FL**

#### **Full Stack Developer (3-Month Contract)**

02/2022 - 05/2022

- Developed pixel-perfect UI components in Svelte.js with TailwindCSS, closely following wireframes provided by the UX team to deliver a seamless and intuitive user experience.
- Utilized GraphCMS Models and GraphQL queries to fully integrate the application's UI components with the back-end content management system, enabling business users to update content in real-time without the need for technical assistance. This gave the business greater control and flexibility over their online presence.
- Azure, GraphQL, GraphCMS, Hygraph, SCSS, Svelte.js, SvelteKit, TailwindCSS, TypeScript

## VOLUNTEER EXPERIENCE

### **Tampa Devs**

**Tampa, FL**

#### **Contributor**

02/2022 - 04/2022

- Developed new UI components for the organization using Nunjucks and CSS, delivering a modern and intuitive user experience that improved customer satisfaction and engagement.
- Resolved active issues related to Responsive Web Design, ensuring that the website was accessible and user-friendly across a wide range of devices and screen sizes.
- CSS, HTML, JavaScript, Nunjucks

### **Non-Profit Exchange Hub**

**Remote, US**

#### **Contributor**

01/2022 - 03/2022

- Developed and implemented custom components using React.js, providing the organization with highly flexible and scalable solutions that could be easily adapted to meet changing business needs.
- Implemented new functionality to various forms, including implementing validation checks and error handling to improve the user experience.
- CSS, HTML, JavaScript, React.js

## RELEVANT PREVIOUS EXPERIENCE

### **Pinellas County Sheriff's Office**

**Largo, FL**

#### **Deputy / Detective**

2015-2021

- Spearheaded successful investigations into over 550 criminal cases, resulting in the apprehension of over 230 offenders. Managed the successful resolution of over 430 non-criminal investigations.
- Demonstrated exceptional organizational and multitasking abilities by routinely coordinating the investigation of up to 26 unrelated criminal offenses simultaneously.
- Organized and led several high-profile investigations, resulting in the recovery of combined property and currency valued at over \$850,000.
- Supervised, coached, and evaluated new members of the unit, documenting their progress and providing guidance and support to ensure their success.
